

YEED ClipSystem

Enables the aesthetic closure of the end of the terrace while stabilizing the slabs.

Application & use

The ORIGIN ClipSystem is a durable stainless steel accessory. 2 in 1: It allows you to close off your terrace in an aesthetically pleasing way. This accessory replaces the slab plate, preventing any feeling of instability.

It is compatible with the pedestals of paving range from 40/60 mm. It is made up of 2 parts:
the top clip which is clipped onto the 2 lateral lugs on the head of the pedestal, and the bottom clip which is clipped onto the base of the pedestal.

Product advantage

- + Allows the aesthetic finish of a terrace on paving pedestals
- + Stabilises the paving at the side of the terrace
- + Stainless Steel is rot-proof
- + Resistance to heavy charges
- + Resistance to temperature variations and atmospheric agents
- + No tools are required for the installation of the terrace with its accessory
- + Compatible with the aluminium joist
